## OVERVIEW

High performance one-box music player

### KEY FEATURES INCLUDE

- High quality CD player for high performance audio
- RDS FM/AM tuner with 200 station presets
- Inputs and outputs for connection of your favourite analogue and digital sources
- 75 W per channel stereo power amplifier
- Linn 'silent power' Switch Mode Power Supply, reliable and energy efficient
- Complete Linn Knekt multi-room capability that enables a Classik Music to operate as a main room driver or a local room receiver within a Linn Knekt system
- RS232 IN for control via RS232 compatible devices

Classik Music is an all-in-one music player that delivers high quality sound from all your sources. It combines a CD player, tuner, pre-amplifier and stereo power amplifier within an elegant, compact design.

The CD player has been designed by Linn to extract as much information as possible from your CDs, revealing more from your favourite tracks for a more musical performance.

The high quality RDS FM/AM tuner lets you enjoy your favourite broadcasts even more than before.

The pre-amplifier provides one coaxial and one optical digital input to connect your digital sources for higher performance sound.

Classik Music includes a powerful amplifier to fill your room with high quality sound. An external amplifier can be added for further enhanced performance.

Linn's proprietary, hum and buzz-free Switch Mode Power Supply technology provides superior mains noise isolation and efficiency to generate stable, clean power for the audio circuitry.

Classik Music is multi-room enabled, so can be integrated with a Linn Knekt system for enjoyment of high quality sound throughout your home. The system can be controlled via a Linn keypad or RS232 compatible device.

Available in a silver or black finish, Classik Music represents outstanding value for money by bringing the superb clarity and unique musicality of a Linn music system into any home.

Komponent loudspeakers perfectly complement Classik Music in terms of both performance and design.
